#### **Extended Stay (Not part of the Agenda)**

**October 25 – 26 (or beyond), 2014**

The DICTT Secretariat can provide assistance in arranging tour operators for delegates who opt to travel to and stay over in Tobago. Please note that this is not part of DICTT planned activities and as such interested delegates will be required to provide their own funding. Delegates wishing to visit Tobago must advise the DICTT Secretariat by August 15, 2014. Delegates visiting Tobago must purchase their airfare prior to arriving in Trinidad for the AGM and Annual Conference. It is also recommended that delegates staying in Tobago for an extended period allow for a 24 hour window between their return flight to Trinidad and the return journey to their homeland. For example, if the return flight to your final destination is on Sunday, October 26, the connection from Tobago to Trinidad should arrive at the Piarco International Airport on Saturday, October 25. This will safeguard against any delays on the air-bridge between Trinidad and Tobago.

Please contact Caribbean Airlines Call Centre to confirm bookings and to make payments.
