 Excessive Sweating, Ankle Swelling, Shortness of Breath and Darkness around the Neck

**T&T IN THE MIX:** The Trinidad and Tobago All Stars kicked dust in Barbados on Friday night playing at a mega-concert at Bay Street, St Michael. This event just outside the Prime Minister's office attracted thousands of people as the headline act was Spice and Co, a top Barbadian band of the 1990s and into this century. The band usually comes together for special events.

The T&T pan players who followed did not let down, but turned in a superb performance playing from the old classic Trinidadian calypsoes to some of Barbados' most popular, including the very popular "Boat Ride" which earned Red Plastic Bag the title of Soca Monarch this year.
